

case study

Gateway Shopping Park, Knocknacarra, Galway

Knocknacarra, Galway

Featured Products: **Newgrange Blocks Black, Silver & Buff Granite**

Kilsaran supplied 2300 m² of Newgrange silver, black, and buff paving blocks for the new outdoor area of the Knocknacarra retail park and shopping centre, located just 10 minutes outside of Galway City Centre.

Our Granite paving range in particular has closed the gap on natural paving in recent years due to our state of the art manufacturing processes and its robust Granite material. Kilsaran's state of the art manufacturing facility in Dunboyne has seven secondary finishing lines, one of which is a shot-blasting line. This process of shot blasting gives our paving flags and blocks a fine textured feel.

Newgrange Flags

- Silver Granite (240x160)
- Black Granite (240x160)
- Buff Granite (240x160)
