## Virginia Regeneration Virginia Town Centre, Co.Cavan

Featured Products: **Eden White Granite Blocks, Slane Charcoal Blocks, Pembroke Black Granite Flags, Newgrange Silver Granite Cobbles, High Strength Bedding Concrete (HSBC), Priming Slurry & Rapid Setting Jointing Mortar**

This project is a pavement and traffic calming project to improve safety for vulnerable road users along with improving the aesthetics of the town.

Throughout Virginia we supplied our stylish and contemporary paving products which include our Eden blocks, Slane blocks, Pembroke flags and Newgrange cobbles. Nearly 7,000m<sup>2</sup> of Kilsaran products was used throughout the regeneration of Virginia. Our Bedding and Jointing products from our KPRO Range were also used throughout this project.
