

case study

The Meadows Rowlestown, Swords, Co.Dublin

Featured Products: **Merrion Pearl Flags, Clima Pave Newgrange Black Granite, UNO (One Coat Render) and EWI (External Wall Insulation).**

The Meadows is an exclusive development of private homes nestled in the heart of Rowlestown, County Dublin. Throughout this project we supplied our contemporary Merrion flags. Our Merrion flags come in large format (600mm x 400mm) featuring large visible contrasting stone chippings. Offering a high end finish and pre-sealed for full protection Merrion was an ideal choice for this project. Our Clima Pave Newgrange Black Granite block was also used. Clima Pave offers an advantage over traditional paving techniques as the system is constructed using our specially engineered permeable paving block. Our KPRO products included UNO (One Coat Render) and EWI (External Wall Insulation) with a CT174 Silicate-Silicone 1.5mm finish which was used on the external walls of these homes providing a stylish finish.
