

case study

## Ravens Mill Rolestown, Dublin

Featured Products: **Stone Mastic Asphalt, Asphalt Concrete Base, Thermaphalt, RAP**

A Glenevagh residential development completed in 2023, Kilsaran Road Surfacing provided full access road and cycle track asphalt build up laying SMA10 PMB, AC20 Binder course and Ac32 Base course. The asphalt was produced using both RAP (reclaimed asphalt Pavement) and Thermaphalt (warm mix) resulting in a reduction in CO2 emissions and conservation of aggregate.

### Road Surfacing:

Stone Mastic Asphalt

Asphalt Concrete Base

Thermaphalt

Reclaimed Asphalt Pavement (RAP)

### Main Contractor:

Glenevagh Properties

### Client:

Glenevagh Properties
