

case study

Stemple Exchange Blanchardstown Car Park, Ballycoolin, D15

Featured Products: **Pembroke Slate, Tactile Buff, Newgrange Silver Granite (3 Size Mix), Newgrange Black Granite, Trinity Silver Granite, Delineation Steps Silver Granite.**

The Stemple Exchange project is bridging the gap between traditional suburban and urban office design standards. In this project, we used Pembroke slate extensively, complemented by a dash of Newgrange Silver Granite. We incorporated a blend of Newgrange Silver Granite in three different sizes, coupled with Newgrange Black Granite flags. The Newgrange flagstone range, renowned for its subtle textured finish and versatile options in colours and sizes, remains a top choice for those looking to create an inspired look with an elegant and contemporary feel. Trinity Silver Granite flagstones were also used along with delineation flagstones in two different sizes, both in Silver Granite.

Paving & Walling:

Pembroke Slate - 200 x 600 x 80
